I am forwarding the request to find out. It will probably be Monday before I can get back to you.

Diane,

Many of our medical facilities provide small bottles of water for 3 reasons:

- 1) a promotion item and
- 2) to prepare a woman for an ultrasound.
- 3) to prepare for a urine sample.

We do see that bottled water is on the list of non-allowable use of the grant.

Can we approve them for use as a promotional item or medical supply for that purpose?

Thank you so much.

Kristina Twitty,
Grant Administrator
